Transact

This screenshot shows a blockchain contract interface for the PandeCoin contract. At the top, there are buttons for 'Deploy' and 'Publish to IPFS'. Below that, it says 'At Address' followed by a placeholder address. Underneath, it lists 'Transactions recorded' with a count of 5. A section titled 'Deployed Contracts' shows a single entry: 'ASSURANCECHARITYSALEDEPLOYER' with its address listed. At the bottom, there are sections for 'tokenAddress' and 'tokenCharityA...', each with their respective addresses. The interface includes standard UI elements like checkboxes, dropdowns, and a 'Transact' button.
